Class Descriptions

FTI to Go - Google Drive

Register for this event to learn about Google Docs, Presentations and Spreadsheets. These are great collaborative tools that allow you and your students to create and edit documents, presentations and spreadsheets in real time. It also allows for real time chat. You can export the files into a variety of formats.

FTI to Go - VoiceThread

"A VoiceThread is an online media album that can hold essentially any type of media (images, documents and videos) and allows people to make comments in 5 different ways - using voice (with a microphone or telephone), text, audio file, or video (with a webcam) - and share them with anyone they wish." source from <http://voicethread.com/about/>

FTI to Go - Poll Everywhere

Poll Everywhere replaces expensive proprietary audience response system hardware with standard web technology. It's an easy way to gather live responses in any venue: classrooms, presentations, conferences, radio, tv, print – anywhere. Because it works internationally with texting, web, or Twitter, its simplicity and flexibility are earning rave reviews. In this session participants will learn how easy it is to create and respond to polls using a number of different devices and methods.

FTI to Go - Popplet

Popplet is a tool that allows users to visualize ideas. Teachers and students can create graphic organizers, timelines, and many other forms of visual organization. Popplet's strength as a collaborative brainstorming tool.

FTI to Go - Google+ Hangouts

This free online tool provides a simple online video conference forum. This more personable format can provide more context for engagement with students, and can also function as a means to conduct small classes in real-time. Google+ Hangouts is available through a Google Account and benefits from (but does not require) a webcam.

Mobile App of the Month

Remind101: Remind101 provides a safe way for teachers to text message students and stay in touch with parents. It is 100% free and is used by over 200,000 teachers, students and parents to send millions of messages every month.
