SUMMER INTERNSHIP OPPORTUNITY
Stephen Goldfinch for Senate | District 34

To: Internship Candidates for Stephen Goldfinch for Senate

From: Webster Hall, Campaign Manager

Thank you for your interest in becoming an intern for Stephen Goldfinch for Senate. Representative Goldfinch currently serves as the House of Representatives member for district 108, and is seeking election for the state senate seat for district 34 (Horry, Georgetown, and Charleston counties).

This is a great experience for all different types of majors. For any Political Science, Pre-law, Communications, Public Relations, Marketing, Advertising or many other majors this opportunity will provide hands on work experience. We look forward to hearing from you!

The internship will start right away if your schedule permits, we are already holding events, reaching out to voters, and getting the campaign into full swing. If you need to wait till summer starts and your schedule frees up, that works too. We are very flexible, so just let me know when you would potentially be able to start.

• **Expectations:** As an intern for Stephen Goldfinch’s campaign, the first thing to remember is that your actions will directly reflect upon the entire campaign as well as Representative Goldfinch. So we need someone who can remember to always be polite and courteous and avoid confrontations and altercations. You will be dealing with all different types of personalities so you must be well spoken, able to take direction, be prepared to handle rejection, and present yourself well.

Another key component is work ethic. We are very flexible with scheduling, but if you commit to working an event or other duties you must follow through or let someone know if you cannot.
• **Duties:** An intern’s duties may include but are not limited to making phone calls, sending emails and invitations, setting up and breaking down events (at various times), knocking on doors, working events, putting up signs, driving candidates or staff members, and other various office tasks.

• **Time:** We can work around class schedules or other jobs; we understand that you are in school, working, or both. If you are seeking an internship for class credit let us know so that we can record your hours and get in touch with your teachers and advisors. Otherwise Interns and Volunteers will set up a schedule that works with their prior commitments before starting the internship.

• **Compensation/Benefits:** This is NOT a paid position, but you may be compensated for some expenses and/or gas for out of town events. You may receive class credit for the internship. Please contact your advisor for details about signing up for the internship class. This state senate race is going to be a vital election that will decide the direction this district is going to take, and this would be a very unique experience for anyone interested in politics, government, communication, campaigns/elections, marketing, civics, and many other fields.

This is a great way to get your foot in the door with politics in South Carolina, make contacts in the area, and gain experience in political campaigning. It is not only something you can add to a resume, but also an incredible experience to get a front row seat for the political process.

• **Contact:** Please send all resumes to Webster@Starboardcommunications.com, and for questions or concerns please contact Webster Hall at (803)665-5226

Again, thank you for your interest in interning for Stephen Goldfinch in his campaign for state senate district 34. We hope to hear from you soon!
