

Video Production Intern

Who We Are

Water Mission is a nonprofit Christian engineering organization providing sustainable safe water and sanitation solutions for people in developing countries and disaster areas. Safe water is the source of life. It is the foundation for health, education and viable economies. Through the generous support of individuals, churches, our corporate partners and many others, Water Mission has brought relief and hope to more than 3.1 million people across the globe. Today, Water Mission (WM) provides access to safe water for over 2 million people throughout the world. Additionally, WM operates 10 country programs in South America, Africa and Asia and has served 52 different countries on 5 different continents. Our faith and belief in the sanctity of life compel us to develop and implement the best technologies and community development programs so God will be honored and glorified through our work. Our mission is to be a best in class Christian engineering ministry that transforms lives through sustainable safe water solutions.

Position Purpose

The Video Production Intern will report directly to the Communications Coordinator and will assist in the effort to create concepts and storyboards, design, film, compile, and edit four video projects throughout the term. This position will also assist in the research, design, development and implementation of a video production strategy and SOP. These videos will assist in telling the story of Water Mission and reinforcing the brand, vision and mission to help strengthen the overall brand story. If you are passionate about storytelling and want to visually communicate the impact that safe water has on millions of people around the world, then this is for you.

This unpaid, full or part-time position is based in North Charleston. The number of hours and schedule are flexible, although we are looking for a commitment of at least 25 to 40 hours for full-time and 10 to 20 hours a week for part-time between Monday–Friday, 8:00am – 5:00pm.

Position Roles and Responsibilities

- Work collaboratively with Communications team to create compelling visual brand content.
- Develop and execute four video projects on a range of topics.
- Responsible for presenting final products to entire Water Mission staff at completion of internship.
- Responsible for work with the Communications Coordinator to create and implement a video production request policy and SOP.

Position Qualifications

- Experience with Premier Pro, After Effects and other applicable Adobe programs.
- Experience with shooting DSLR's, audio equipment, etc.
- Experience in content creation and creating a vision for overall product.
- Experience in the production process of creating high quality video content.
- Experience in media graphics and animation preferred but not required.
- Excellent development and communications skills.

Position Profile: Video Production Intern

- Must be a self-starter and director.
- Able to work in a fast paced environment; adaptable.
- Willing to work outside the 8-5 time frame when necessary.

Required Competencies

- **Results Orientation:** Sets stretch goals, strives to achieve goals.
- **Integrity and Truth:** Follows through on commitments and agreements.
- **Decisiveness:** Makes decisions in a timely manner when the options and consequences are clear.
- **Stress Management:** Remains calm under pressure, expresses emotions in ways that relieve stress without damaging relationships and productivity.
- **Purpose, Principles, and Values:** Encourages others to base their decisions and actions on the organizations' purpose, principles, and values.
- **Relationship Building:** Develops rapport easily with a variety of people, modifies communication style to fit the personality and culture of others and the work place.
- **Attention to Communication:** Organizes and expresses ideas clearly, creatively identifies and utilizes effective communication methods and channels.
- **Teamwork:** Fulfills commitments to other team members.
