FYSE 114

Paper 1 Revisions

Due Date:

Tuesday, September 28 (OAKS dropbox by midnight)

Description

This assignment is optional. It is for students who are unhappy with their grade on Paper 1 and would like another chance. Revising Paper 1 can raise your grade by anywhere from 0 to 10 points, depending on how successful it is. (Your new grade can't go over 95). Doing the assignment can't lower your initial grade.

In your revisions, you'll need to respond to my marginal comments on your original paper. You'll need to write a short letter to me at the very beginning of the paper, explaining what changes you made and why (this might be anywhere from a couple of sentences to a full paragraph). Then, include a clean, revised copy of your paper (no old comments, no mark-ups should appear on the revised version). I will decide how many points to award based on the thoroughness and success of the revisions.
