**HISTORIC AUGUSTA PRESENTS
DR. BARRY STIEFEL**

**THE OTHER HOUSE MUSEUM:
PLACES OF WORSHIP
AND THE CASE OF SYNAGOGUES**

**Adas Yeshurun Synagogue
935 Johns Road / 7 PM**

Free and Open to the Public. Reception to follow.

This presentation will explore houses of worship as an overlooked museum type and how house of worship museums differ from traditional residential house museums. Using synagogues as an example, this talk will introduce new ways of thinking about house museums and the religious and ethnic minority groups who are often underrepresented in their interpretation. This is the first in a series of architectural history lectures made possible by a grant from the Porter Fleming Foundation.
