

ENGL 361

Final Project Rubric

4 = Very successful, 3 = Acceptable, 2 = Problematic, 1 = Unsuccessful

For each of the criteria, you will find four Xes, which may all appear in one column but may also be spread across two columns (one X in 4, three Xes in 3, for instance). If all four Xes appear in the 4 column, then that feature of your paper is highly successful. The features highlighted on this rubric are elaborated on, as appropriate, in the margins and/or in the overall comments at the end of the essay.
